Razberi ServerSwitchIQ™

razberi *technologies*

The next generation of intelligent surveillance appliances.
Built for security, engineered for performance, open architected
and optimized to reduce impact on the IP network by up to 95%.

ServerSwitchIQ **ServerSwitchIQ Pro** **ServerSwitchIQ Enterprise** **ServerSwitchIQ Rugged**

A complete suite of enterprise-wide and rugged appliances.

FEATURES:

- Intelligent recording appliances that are more than an NVR
- Complete suite for enterprise-wide and rugged locations
- Cloud-based health monitoring and cybersecurity features
- Purpose-built design to support 4K camera resolutions
- All-in-one server, managed PoE switch and storage
- High performance Intel processors
- Solid State boot drive to protect software
- Up to 80 TB of video storage, optional RAID
- PoE Output - up to 700W (PoE Plus, IEEE 802.3at)
- Easily removable HDD trays
- 3 Year Warranty, optional 5 Year with advance replacement service

ROI

- *Reduces impact on IP networks by up to 95% without compromising quality*
- *Reduces capital costs by two-thirds*
- *Cuts space requirements by half*
- *Lowers risk of downtime*
- *Prevents cyber attacks*

ALL-IN-ONE APPLIANCES, MORE THAN AN NVR:

Built to meet the performance challenges of managing megapixel video. Patented appliances include a server, high throughput storage, a managed Ethernet switch and smart features. Razberi reduces capital costs and impact on IP networks by up to 95% in a distributed appliance architecture and saves space using half the footprint of general purpose IT servers, storage and switches. Razberi works in any environment, enterprise-wide to the oil field.

INTELLIGENT, CLOUD-BASED FEATURES:

The entire suite of appliances are standard with Razberi VyneWatch™, a cloud-based health monitoring solution that provides alerts when camera or other issues arise and Razberi LocBeri™ cybersecurity features enabling ports to be easily locked down to prevent tampering and IP network hacking.
